MAXIMUM FLOW
ECO FRIENDLY SHOWERHEAD

save \$75 in energy &
2700 gallons per year*

Taking Your Shower Never Felt So Good!

Use **evolve** and you'll experience a luxury featured, maximum flow shower that just happens to be environmentally friendly too. Instead of conserving water while you're taking a shower, **evolve's** ShowerStart™ technology saves the hot water that's wasted before you actually get in. The result – save time, hot water, energy and money without giving up a single thing.

be resourceful

discover the beauty of doing your part
without doing without

Installation is quick and easy

Just place the evolve Ladybug Showerhead Adapter in between your showerhead and shower arm. It's that simple.

specifications:

trickle mode activated when water reaches 95° F (35° C)
automatically resets after each shower
attaches to any shower arm with industry standard 1/2" fittings
solid brass fittings

package contents:

evolve showerhead adapter
pull cord
PTFE plumbers tape
user's guide & installation instructions

available models/finishes:

SS-1002CP-US: chrome polish

* family of three showering daily and saving 1 minute of hot water per shower (water flow of 2.5 gpm & \$.03/gallon hot water cost).

1

Turn on your shower

Once the water gets warm, evolve automatically enters trickle mode

newfound freedom – brush your teeth, use the toilet, shave... while your shower is warming

no more guessing – you'll know (hear) the instant your shower is ready

no more guilt – hot water's not running down the drain when no one's in the shower

save – a family of 3 saving as little as one minute of hot water per shower can save up to \$75 in energy bills and 2,700 gallons of water per year (2.5 gpm & \$.03/gallon hot water cost)

2

Flip the switch to begin taking your warm, luxurious shower

key features:

ShowerStart™ technology - save time, water, energy & money without lowering water flow

compatible with virtually all showerheads
1/2" fittings

quick and easy installation

solid brass construction

anti-lime protection

integrated debris screen filter
